*Re: Rancho Viejo Waste Management, LLC; Municipal Solid Waste;  
Webb County; Pescadito Environmental Resource Center; MSW Permit  
No. 2374.*

Dear Mr. Goodin:

Rancho Viejo Waste Management, LLC hereby submits Parts 3 and 4 of the Municipal Solid Waste Permit Application for the Pescadito Environmental Resource Center Municipal Solid Waste Landfill facility to be located in Webb County, Texas.

As you are aware, Parts 1 and 2 of the application were submitted in 2011, and both parts 1 and 2 have been declared administratively and technically complete. Further, a draft land use compatibility determination has already been made by the TCEQ.

Rancho Viejo Waste Management requests that Parts 3 and 4 of the permit application be consolidated with the pending application addressing land use, and the entire application (Parts 1 through 4) now be consolidated into one proceeding, as opposed to the bifurcated process that Rancho Viejo Waste Management had previously requested.

Sincerely,

Geoffrey S. Connor  
*Attorney and Counselor*
